

**REPLY TO AARC RESPONSE TO EUGENE CURRY MOTION TO
RE-SUBMIT WRITTEN DIRECT STATEMENT**

I Eugene Curry wish to respond to AARC on going objections to constantly deny Me from getting a small portion of these funds. It's obvious that AARC strategy is because they are attorneys is to eliminate me pro-se individual not by arguing the facts, but doing what they have repeatedly done use procedure to do so. I am a creative being who if not for me and beings like me none of them AARC, or their clients (record companies) would be in business. Under 37 CFR € 351.4 (c) a participant may amend or submit a new written statement during or after the discovery period. I found out that AARC did not include in their exhibits evidence of proof of payments by means of canceled checks to those 440,000 featured artist, and proof of payments to and from their clients of the 16,000 labels that are mostly owned by their clients. AARC always boasts about that they have all the artists, all the client's, all the witness's by the way all three are either working for AARC or former employees of their clients which I think is a conflict of interest and collusion. Seems like the climate in D.C. these days is troubling. I have never disrespected any one. Especially one of your honors authority as "JUDGES' the most prestigious position a person in law can hold. I apologize to your honors for AARC vicious attack of my character to assume such disrespect. That in itself is grounds for AARC to be dismissed from these proceedings. So I will patiently await the CRB's decision.

Thank You!

Eugene Curry
