SUPPLEMENTARY INFORMATION: In 1995, Congress enacted the Digital Performance in Sound Recordings Act, Public Law 104-39, which created an exclusive right, subject to certain limitations, for copyright owners of sound recordings to perform publicly those sound recordings by means of certain digital audio transmissions. Among the limitations on the performance right was the creation of a statutory license for nonexempt, noninteractive digital subscription transmissions. 17 U.S.C. 114(d).

The scope of the section 114 statutory license was expanded in 1998 upon the passage of the Digital Millennium Copyright Act of 1998 (DMCA), Public Law 105-34, which allows public performance of a sound recording when made in accordance with the terms and rates of the statutory license, by a preexisting satellite digital audio radio service or as part of an eligible nonsubscription transmission. 17 U.S.C. 114(d).

The DMCA also created a statutory license for the making of an "ephemeral recording" of a sound recording by certain transmitting organizations. 17 U.S.C. 112(e). This license, among other things, allows entities that transmit performances of sound recordings to business establishments to make an ephemeral recording of a sound recording for later transmission, pursuant to the limitations set forth in section 114(d)(1)(C)(iv).

Chapter 8 of the Copyright Act requires the Copyright Royalty Judges (Judges) to conduct proceedings every five years to determine the royalty rates and terms for "the activities described in section 112(e)(1) relating to the limitation on exclusive rights specified by section 114(d)(1)(C)(iv)." 17 U.S.C. 801(b)(1), 804(b)(2). Accordingly, the Judges published a notice commencing the current proceeding and requesting that interested parties submit petitions to participate. 82 FR 143 (Jan. 3, 2017).

The Judges received Petitions to Participate from Mood Media

Corporation, Music Choice, David Powell, David Rahn, Rockbot, Inc., Sirius XM Radio Inc., and SoundExchange, Inc. The Judges initiated the three-month negotiation period and directed the participants to submit written direct statements no later than May 14, 2018. See 17 U.S.C. 803(b)(3).

On May 4, 2018, the Judges received a Motion to Adopt Settlement stating that all participants¹ had reached a settlement obviating the need for written direct statements or a hearing.

Section 801(b)(7)(A) of the Copyright Act authorizes the Judges to adopt royalty rates and terms negotiated by “some or all of the participants in a proceeding at any time during the proceeding” provided they are submitted to the Judges for approval. The Judges must provide “an opportunity to comment on the agreement” to both participants and non-participants in the rate proceeding who “would be bound by the terms, rates, or other determination set by any agreement . . .” 17 U.S.C. 801(b)(7)(A)(i). Participants in the proceeding may also “object to [the agreement’s] adoption as a basis for statutory terms and rates.” *Id.*

The Judges “may decline to adopt the agreement as a basis for statutory terms and rates for participants that are not parties to the agreement,” only “if any participant [to the proceeding] objects to the agreement and the [Judges] conclude, based on the record before them if one exists, that the agreement does not provide a reasonable basis for setting statutory terms or rates.” 17 U.S.C. 801(b)(7)(A)(ii).

Royalty rates and terms adopted pursuant to section 801(b)(7)(A) are binding on all copyright owners of sound recordings and all business establishment services making an ephemeral recording of a sound recording for the period January 1, 2019, through December 31, 2023.

The public may comment and object to any or all of the proposed regulations contained in this notice. Comments and objections must be submitted no later than June 18, 2018.

¹ Despite filing a Petition to Participate, David Powell did not participate in the negotiations and did not join in the agreed settlement. The Judges make no finding with regard to Mr. Powell’s eligibility to participate in this proceeding. Mr. Powell may, of course, respond to this notice. To the extent Mr. Powell has an interest in the business establishment services license, he will be bound by the royalty rates and terms the Judges adopt ultimately.

The attribution of Gross Proceeds to copyrighted recordings may be made on the basis of:

(i) For classical programs, the proportion that the playing time of copyrighted classical recordings bears to the total playing time of all classical recordings in the program; and

(ii) For all other programs, the proportion that the number of copyrighted recordings bears to the total number of all recordings in the program.

[EPA–R09–OAR–2018–0272; FRL–9978–17–Region 9]

Air Plan Approval; California; San Joaquin Valley Unified Air Pollution Control District; Reasonably Available Control Technology Demonstration

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve revisions to the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD or “District”) portion of the California State Implementation Plan (SIP), which applies to the San Joaquin Valley of California (“Valley”). These revisions concern the District’s demonstration regarding Reasonably Available Control Technology (RACT) requirements for the 2008 8-hour ozone National Ambient Air Quality Standard (NAAQS). We are also proposing to approve a public draft version of SJVUAPCD’s supplement to its 2014 RACT SIP demonstration, which contains relevant permit conditions for J.R. Simplot’s Nitric Acid plant in Helm, California (CA) and negative declarations where the District concludes it has no sources subject to certain Control Techniques Guidelines (CTG) documents. We are proposing action on local SIP revisions under the Clean Air Act (CAA or “the Act”). We are taking comments on this proposal and plan to follow with a final action.

DATES: Any comments must arrive by June 18, 2018.
