**EUGENE CURRY Individual Claimant Response to Objection by Settling Parties and AARC for the remaining 2% OF THE COPYRIGHT OWNERS FUND.**

---

**In the settling parties own motion for partial distribution, they agreed that the remaining 2% was more than enough to satisfy the remaining individual claimants. So again AARC was granted the 98%. But now the 2% reaming is being questioned because I am the one who the law was written for to receive distribution from these funds is now again being questioned. AARC has a history of this behavior that always results in them coming back and snatching the remaining 2% over the preceding years. The two people they are now using to object Emmanuel Adeyinka, and Benjamin Bacon already reached an agreement to join their claim into the settling parties. So technically they have no claim as individual, or non-settling. I will enclose to disprove the settling parties accusations of no proof of any sales which again in one of their earlier filings claim through their research "I HAND 0 SALES" according to their expert.**

**I performed every sound on the songs I will submit. I own the "DIGITAL MUSICIAL EMBODIMENT". This is what sets my rights to the claim from the settling parties, AARC, Linda Bocchi and the remaining non- settling parties. I am therefore requesting that I too should**

**receive a partial distribution under the law which who these royalties were intended for. Thank You!**
