Dear Mr. Dreyfus:

It is my pleasure to inform you that no appeals have been filed in the noncommercial educational broadcasting rate adjustment proceeding. Thus, the Librarian's final rule and order, which was published on September 18, 1998, at 63 Fed. Reg. 49823, is now officially "final."

Since the proceeding is officially finished, you no longer need to retain your copies of the materials for this proceeding. Therefore, you may dispose of all copies of the materials in your possession, including those subject to the protective order. To assist you, I have enclosed a list of those documents which you should have in your possession which were marked "CONFIDENTIAL." Documents marked in this manner must be shredded. Disposal of these documents can occur in one of two ways: you may shred these documents yourself or you may return the documents to me, and the Office will handle their disposal. If you choose to shred the "CONFIDENTIAL" documents yourself, please send a letter to me acknowledging that all such documents have been appropriately disposed of.
