**RE:** Final Regulations Relating to Compulsory License Rates and Terms for Business Establishments

---

Dr. Billington,

Attached is the final determination of the Copyright Royalty Judges regarding royalty terms and rates to be paid by licensees under 17 U.S.C. § 118, sometimes referred to as the "Business Establishments" license. This final determination is the result of a negotiated settlement by the participants. The Copyright Royalty Board published notice of the settlement terms on July 19, 2013 and received no comments from interested parties relating to the settlement.

By copy of this transmittal memorandum, we are providing courtesy copies of these final regulations to the Register of Copyrights (Register) and the Library's General Counsel. We tender this determination for your review and for review by the Register. The Register has 60 days to review the final determination for errors of law. At the end of the Register's review period, the Final Determination, along with any comments from the Register, will be ready for publication in the *Federal Register*.

We have included the requisite copies to satisfy the staff at the *Federal Register*. We would appreciate receiving notice when you send the determination out for publication. In the alternative, if you would like, we would be happy to manage the logistics of publication on your behalf.

Please do not hesitate to contact me directly if you have any questions that I can answer.
