RE : Audio Home Recording Act Royalty Distributions

Dear Mr. Dreith,

We received your correspondence seeking distribution of 2014 sound recording royalty funds payable on behalf of non-featured musicians and non-featured vocalists. We have begun the process to grant your requests.

A request from our office to you, then. Please do not include a docket number with your request. It is the responsibility of the Copyright Royalty Board (CRB) to manage distributions and the CRB assigns the docket number for each request. When we receive your correspondence regarding a request for a new year's fund, it should not contain a reference to a prior year's docket number.

Thank you for your attention to this detail in future requests.

Very truly yours,

A handwritten signature in black ink, appearing to read "Suzanne M. Barnett". The signature is fluid and cursive.
