**ORDER 2 ADDRESSING
OVERPAYMENT AND SURPLUS ISSUES**

On March 18, 2024, the Copyright Royalty Judges (Judges) issued an order directing the Licensing Section to take immediate steps to recover the royalty funds that had been overpaid to certain Allocation Phase Parties, and to notify the Judges when the funds have been recovered so that the Judges may order full and final distribution of the royalties at issue in this proceeding to MPA, SDC, and IPG. (eCRB no. 41702).

The Copyright Office has informed the Judges that, in order to proceed with recovery of royalty funds, additional information from the proceeding participants is necessary. Therefore, the Judges find good cause to Order the participants to provide full details of each past royalty payment received for the cable and satellite years at issue in this proceeding.

The Judges hereby ORDER that, no later than January 8, 2025, each participant is to provide the Judges, in a filing made through eCRB to be designated/restricted for *in camera* review, the following detailed information regarding each partial distribution payment ultimately received by each participant in the captioned proceeding as well as all underlying proceedings:

The amount of the payment made by the Copyright Office (Licensing Section);

The participant to whom the payment was made;

The participant to whom the payment was attributable;

The amount of the payment attributable to the participant;

The date the payment was issued;

The annual fund year from which each above referenced payment was made; and

The fund category for which each above referenced payment was made.

Furthermore, the Judges find good cause to ORDER that, no later than January 8, 2025, each participant is to provide to the Judges, in the same filing manner as set forth above, copies of all signed repayment agreements addressing the funds in the consolidated proceeding, along with updated contact information for the parties to each agreement (and representatives of the parties).

To the extent the Copyright Office's Licensing Section informs the Judges that additional information is needed to effectuate the recovery of royalty funds, the Judges may supplement this Order as appropriate.

SO ORDERED.

Dated: December 18, 2024

David P. Shaw
Chief Copyright Royalty Judge
